DAVID SALGUERA

DEVELOPER & DESIGNER

ABOUT ME

Creative thinker with passion for delivering high-quality work and providing excellent customer experiences. Proven ability to adapt to new challenges while collaborating with cross-functional teams in fast-paced environments.

Studied a computer science degree at the National University of Engineering (UNI) in Managua City, Nicaragua. Programming in multiple languages such as Java, C, C#, Javascript, SQL, PHP, Python and mastering Graphic Design since 2019.

EXPERIENCE

GRAPHIC DESIGNER & OFFICE COORDINATOR | **AdventHealth** | Apopka, FL | (May 2024 - Feb 2025)

- Managed and tracked printing orders from initial request to final delivery.
- Reviewed and ensured design quality before sending files to production.
- Provided customer support via phone and email, resolving inquiries efficiently.
- Coordinated with vendors and production teams to ensure on-time deliveries.
- Maintained client records, order logs, and inventory for office operations.
- Assisted in creating marketing materials, business cards, and promotional graphics.

TESTER & COMPUTER TECHNICIAN | **MKB Technology** | Lake Mary, FL | (Feb 2024 - May 2025)

- Installed and tested server components (CPUs, RAM, RAID controllers, power supplies).
- Deployed Windows Server and Linux with proper configurations.
- Conducted performance benchmarking and stress tests to ensure system stability.
- Configured network settings, VLANs, and security policies for enterprise environments.
- Documented test results, troubleshooting steps, and provided feedback to IT teams.

GRAPHIC DESIGNER & WEB DEVELOPER | Pixels CR | Costa Rica | (Jul 2019 - May 2022)

- Conceptualized and executed creative design solutions for a variety of projects, including marketing materials, social media graphics, and branding collateral.
- Demonstrated proficiency in using industry-standard design software such as Adobe Creative Suite (Photoshop, Illustrator, InDesign).
- Developed and maintained responsive and user-friendly websites using HTML, CSS, JavaScript, and other web technologies like PHP and MySQL.
- Implemented content management systems (CMS) and e-commerce solutions based on client needs.

CUSTOMER SERVICE REP | IBEX Global | Managua, Nicaragua | (May 2019 - Mar 2020)

- Resolved customer inquiries, concerns, and issues promptly and professionally, ensuring a high level of customer satisfaction.
- Demonstrated effective communication skills to clearly convey product information, policies, and solutions to customers.
- Collaborated with cross-functional teams to address complex customer issues and ensure timely resolution.
- Utilized customer feedback to identify opportunities for improvement in products, services, or processes.
